

## Air-Ride Low Loader No.1

The **Bickers Air-Ride Low Loader No.1 Tracking Trailer** is designed to carry a wide range of vehicles, including cars, vans, SUVs, and even light aircraft!

For wider loads, the trailer features hydraulically extendable wheels, increasing loading width and flexibility. It also includes **four hydraulically extending side platforms** with full handrails for safe operation.

The trailer accommodates up to **8 crew members**, with additional space for artists in the action vehicle. A large enclosed crew compartment seats up to **9 crew**, each with a lap safety harness and cushioned seating. The compartment is equipped with onboard power, lighting, and a removable monitor table.

Its **independent air-ride suspension** is fully adjustable for load and comfort, with larger airbags providing a smooth, stable ride—even with heavier vehicles.

Operated by our **precision tracking drivers**, this vehicle requires an **HGV Class 1 licence**.

**Please note:** This low loader is used exclusively for **camera tracking on approved routes** and is not intended for transporting vehicles between locations
